SQUEEZE

OUR ALBUM by SQUEEZE

At last the long-awaited new album by Squeeze is available!

Featuring: Chris Difford on rhythm guitar and vocals
 Glenn Tilbrook - lead guitar and vocals
 Paul Carrack - keyboards and vocals
 John Bentley - bass
 Gilson Lavis - drums

With the combined talents of Roger Bechiran and Elvis Costello handling production, the final result is 'EAST SIDE STORY' (AMLH 64854). Our fourth album, it is however our first with new keyboard player Paul Carrack whose soulful vocal and keyboard contributions add another dimension to Squeeze's already expanding universe.

With fourteen new songs from the prolific quills of the Difford/Tilbrook songwriting team, this album is so full of hooks that it is surely a must for keen anglers everywhere, as well as the more straightforward pop music record collector.

Working in the backstreets of Acton in one intense three-week period with producers who encouraged a broadening of style for Squeeze, has seen the band emerge with a new sound while retaining some of the characteristics that make Squeeze unique.

Witness the country-styled 'Labelled With Love', soulful sway of 'Tempted', the wistful orchestrated 'Vanity Fair' or the exuberant bounce of the single, 'Is That Love?'

So here it is; the album to flabbergast the doubters and confirm the converted...East Side Story!
